AYUSHI R DUBAL

Selected as a scholarship recipient of Google's 2020 APAC Women Techmakers Scholars Program

Ayushi Dubal is selected as a scholarship recipient of Google's 2020 APAC Women Techmakers Scholars Program. Through the Women Techmakers Scholars Program, Google is furthering Dr. Anita Borg's vision of creating gender equality in the tech industry by encouraging women to excel as active participants and leaders in the field. The scholarship is awarded based on academic performance, leadership, and impact on the community of women in tech. She cleared three rounds of selection- a written essay round, the Google Online Challenge, and a telephonic interview, to be selected as one of 74 scholars from all across India and Greater China. She was awarded a cash scholarship of 1000 USD and was invited to a virtual retreat organized for the scholars, which had multiple workshops and sessions that boosted personal and professional growth.
