# Microprocessors

*A step-wise approach to advanced processors*

Chandra Kavuri

Acc. No : 47021

Call No : 004.16 KAV-C

The subject of Microprocessors is being taught in universities since last 40 to 45 years. During these years, technology has evolved at fast pace and hundreds of processors became commercially available. Students have a challenge to keep abreast of the advanced architectures continuously. But new architectures can be learnt only when their basic concepts are strong. The objective of this book is to expose the students having little knowledge of digital electronics up to the level of current processor architectures with a step wise approach. This book is the result of my course content of Microprocessors which got continuously updated since 1983. Hundreds of books are available on this subject. Each one focusses on a single or family of microprocessors, its instructions and how to develop...

*The Yoga Sutras  
of Patanjali*

Acc. No : 46865

Call No : 181.45 M-SRI

Practitioners of the ancient science of yoga have long contended that you don't have to be a Hindu, in the conventional sense, to practice yoga, even though its origins lie in India. Renowned spiritual teacher, author, social reformer, educationist and global speaker Sri M goes a step further in this new and path-breaking book- he proves that, let alone belonging to a particular religion, one doesn't even need to believe in God to be a true yogi. One of the best-known Vedantic scholars of our times, he draws on his deep knowledge of ancient Indian scriptures to prove that the godless are as capable as the God-inspired of reaching the pinnacle of self-realization and bliss through yoga. Based on a profound understanding of Patanjali's Yoga Sutras, this is a step-by-step guide to the theory and practice of...

GIAN KUMAR

Acc. No : 46819

Call No : 248.4 KUM-G

The Third Eye takes you beyond spirituality, distancing the self from its doing, towards a higher knowledge where you are neither the observer, knower, doer, enjoyer nor the experiencer. You are neither the physical nor that mental being, for they are but temporarily yours appearing and disappearing in that ocean of awareness. You are that formless, eternal presence of universal aware energy performing the Lila of life as the witness, which radiates through its field of consciousness. In fact, you are merely an I-less state of that being-ness, the subject of observation, observing through your mind on the objects being observed. The subject of spiritualism is indifferent to the world of emotions. It goes beyond passion and compassion into dispassion; it is sensitive to all as one. Through this...

FINANCIAL TIMES

Acc. No : 46734

Call No : 358.414 GLA-M

The Bomber Mafia is a case study in how dreams go awry. When some shiny new idea drops from the heavens, it does not land softly in our laps. It lands hard, on the ground, and shatters. In the years before the Second World War, in a sleepy air force base in central Alabama, a small group of renegade pilots put forth a radical idea. What if we made bombing so accurate that wars could be fought entirely from the air? What if we could make the brutal clashes between armies on the ground a thing of the past? This book tells the story of what happened when that dream was put to the test. The Bomber Mafia follows the stories of a reclusive Dutch genius and his homemade computer, Winston Churchill's forbidding best friend, a team of pyro maniacal chemists at Harvard, a brilliant pilot who...

**Bibi's Room** studies the lives and work of three women writers from Hyderabad who wrote in Urdu: Zeenath Sajida, Najma Nikhat, and Jeelani Bano. It addresses the absence of scholarship on Hyderabadí women writers in three ways: representative translations; short, nuanced biographies; and critical analyses of their oeuvres all framed against twentieth-century Hyderabadí history, politics, culture, and society. The three writers showcased here offer rich portrayals of Hyderabadí urban culture as well as critiques of gender and patriarchy. Zeenath Sajida's insights into Islam dramatically alter what we know of Muslim women's engagements with fundamental theological questions. Sajida is also a skilled proponent of Urdu humor and satire, a genre notorious for its exclusion of women...

Informative, and humorous, *Fit at Any Age* combines personal anecdotes, science based logic and simple tips. It is also an inspirational story that will show you anything can be achieved no matter how old you are. Do you want to be fit into your 90s? Most people think being fit requires hours of working out in the gym. Air Marshal P.V. Iyer, a 92-year-old runner, tells us how we can make fitness part of our everyday activities at any age, leaving sufficient time for leisure. At the age of 47, when Air Marshal Iyer was confronted with the Indian Air Force's new policy demanding minimum age-specific physical fitness to be eligible for promotion, he set out to pass the test. In the course of his training it dawned on him that every one of us, irrespective of age and lifestyle, can become fit and it's never too late to learn...

More than just an autobiography or memoir, this is a powerful and passionate account of one woman's battle to claim her identity and place in society. In *A Small Step in a Long Journey*, Akkai Padmashali, a trans rights activist and campaigner, thinker, writer, poet, and actor, throws out a challenge to society, demanding not sympathy or pity but acceptance, recognition, and respect. Brutally honest and self-critical, Akkai's writing is a political act in which she lays bare the hurt, humiliation, confusion, insult, love, solidarity and joy that went into making her who she is today. Time and again Akkai asserts that her story is not just her story. What we call gender and sexuality, she says, 'is a journey we all travel', one that connects our personal and political lives, and one that helps us to face difficult...
