

Birla Institute of Technology & Science Pilani, Rajasthan

M.E. Manufacturing Systems Engineering

Semester wise pattern for students admitted to Higher Degree program – M.E.
Manufacturing Systems Engineering :

Year	First Semester	Second Semester
1	Flexible Manufacturing System Quality Control, Assurance and Reliability Mechanisms and Robotics Elective	Research Practice Manufacturing Planning & Control Two Electives
2	World-Class Manufacturing Supply Chain Management Two Electives	Dissertation Or Practice School

Elective Courses offered:

Design Projects, Mechatronics, Maintenance Engineering, Concurrent Engineering, Computer Integrated Manufacturing, Advanced Engineering Mathematics, Toyota Production System.
